Prepared from the live website email templates

Example customer: Maria

Example order: 1x Plain Sourdough, 1x Cinnamon Rolls

Example total: \$32.00

HOW THE SEQUENCE WORKS

Immediately after an order is placed, the customer receives one confirmation:

- B. Pay-at-pickup orders receive "Your Yes Bakery pickup order [ORDER ID]."

The remaining emails are shared by both order types. They are sent when the order is moved through the corresponding status in the bakery backend:

- 2. In Progress -> "Your Yes Bakery order is being processed"
- 3. Done -> "Your Yes Bakery order is ready for pickup"
- 4. Picked Up -> "Thank you for picking up your Yes Bakery order"

The bracketed text below represents customer- or order-specific information.
